“Voting Is The Most Potent Mechanism Created By Man To Give Others The Right To Fight Against Injustice.”

With the motive of “No Voter to be Left Behind, we introduce the ELC.”

Electoral Literacy Club is an objective by the Delhi government under Systematic Voter’s Education and Electoral Participation (SVEEP) which aims to acquaint the youth of our nation with the electoral process and remind them of the importance of voting.

Electoral and voting systems are a vital link between citizen participation and democratic representation, and provide the mechanism for free and fair elections and political change. Sound electoral systems empower representatives to make decisions on behalf of others and confer legitimacy on governments.

Each vote has the potential to make a significant difference. By voting, citizens are participating in the democratic process. Citizens vote for leaders to represent them and their ideas, and the leaders support the citizens' interests.

The link to register is as given:
