

## Instructions for Generic Elective - 3 (GE - 3) for students of Semester III of Academic Session 2023-24

Please read the instructions given below carefully before filling the Option Form for Generic Elective-3 (GE-3) Paper:

- 1) A student taking admission in any undergraduate course in 2022-23 in Delhi University is required to study a General Elective (GE) paper in all eight semesters. *Generic Electives are a pool of courses meant to provide multidisciplinary or interdisciplinary education to students. These courses are offered by various disciplines of study (excluding the GEs offered by the parent discipline), in groups of odd and even semesters, from which a student can choose.*
- 2) A student may be awarded Minor in a discipline, on completion of VIII Semesters, if he/she earns minimum 28 credits from seven GE papers of that discipline.
- 3) The student must read the Delhi University undergraduate curriculum framework 2022 (UGCF 2022) carefully before filling the option form. The same is available at : [https://centenary.du.ac.in/userfiles/downloads/02032022\\_UGCF\\_compressed.pdf](https://centenary.du.ac.in/userfiles/downloads/02032022_UGCF_compressed.pdf)
- 4) **In Semester III, students can choose either a Discipline Specific Elective (DSE) paper offered by the parent discipline(s) (department(s)) or a Generic Elective (GE) paper offered by other departments.**
- 5) **Only the students choosing Generic Elective (GE) paper in Semester III in the “Option Form for DSE or GE” will be permitted to fill the Option Form for Generic Elective (GE) paper on the college website.**
- 6) Many PG courses offered by various institutes / universities have a minimum requirement to study a specific discipline paper other than the core subjects. The GE paper(s) can fulfil that requirement to pursue master’s study in the desired field. e.g., It is mandatory for the students of B. Sc. (Hons.) Physics to study Mathematics as Generic Elective (GE) papers, so that they are eligible for appearing and competing in entrance test for admission under P. G. Courses in various institutes.
- 7) College reserves the right to allocate GE-3 option to the students other than the first preference.
- 8) The student must fill all the preferences for GE papers offered by the college carefully as the GE paper will be allotted as per the preferences (**on first come first get basis**). The student will not be permitted to change the options/preferences once submitted under any circumstances.
- 9) The minimum number of students in a class/section is 16. The maximum number of students in a class/section is 72.
- 10) Students who will not abide by the deadline of filling the GE-3 option form, will be allotted GE by the college as per the availability.
- 11) Only those students are required to fill the GE-3 option form who has received the email. So, don’t share the email with other students who have not received the email.
- 12) The students will be allotted the best possible preference on “**First Come First Get**” basis provided the number of students opting a paper should not be less than 16.

**The last date of submission of application is July 10, 2023 (01.00 pm). Beyond this date no application will be considered.**

**GE paper once allotted will not be changed under any circumstances.**

### **Note:**

- The students who opted for the DSE paper can change to GE paper by submitting a written application to the Principal duly forwarded by the Teacher-in-Charge/Course Coordinator mentioning three preferences of GE papers. These cases will be considered after June 30, 2023 and may be allotted GE paper considering the availability of seats in a paper.
- The students who have not opted for either GE or DSE paper will be considered for allotment of GE paper if they submit a written application to the Principal duly forwarded by the Teacher-in-Charge/Course Coordinator mentioning three preferences of GE paper and will be allotted a GE paper considering the availability of seats in that paper.
- The students who have been allotted a GE will not be permitted to change to DSE paper under any circumstances.
- The minimum and maximum numbers of students in a class will be 16 and 72 respectively except for GE paper in Chemistry.

**GE-3 Paper/Subject Offered to students of Semester III in Academic Session 2023-24**

<b>S. No.</b>	<b>Departments/Disciplines</b>	<b>Title of the Paper</b>
1.	Chemistry	States of Matter
